When the waiting is over and Christmas Day is here, take time to remember the reason we have Christmas. Our toys will bring joy for a time, but Jesus brings joy and peace for a lifetime. After that we will enjoy him forever.

Notes for this puzzle...

- The words in the Nativity puzzle are arranged with the words pertaining to the shepherds on the left, the nativity in the center and the wise men on the right. I envision an artist using this arrangement for the illustration.
- The size of the Nativity puzzle section may be reduced by omitting the section at the right of the puzzle. These pertain to the wise men who appear after Christmas.
- The Christmas tree puzzle could easily fit into the shape of a Christmas tree.
- Fill in a few random letters from the key to make the puzzle simpler for children to complete
